Subject: **Notice of Intent to Revoke** the Solid Waste Facility Permit for the Brawley
Solid Waste Site (13-AA-0008) under Notice and Order No. EA-2008-04

Mr. Brunet:

Pursuant to the Public Resources Code, Section 44106, the Local Enforcement Agency (LEA) is authorized to mandate a compliance schedule to ensure that diligent progress will be made at the Brawley Solid Waste Site to correct violations of Title 27 of the California Code of Regulations (CCR). On February 16, 2007, the LEA issued to you Notice and Order EA-2007-01. This Notice and Order suspended the Solid Waste Facility Permit for the Brawley Solid Waste Site and stipulated a compliance schedule to ensure that the site was brought into compliance with state minimum standards, including the submittal of an approved Final Closure and Postclosure Maintenance Plan for the site.

On February 8, 2008, the LEA amended the Notice and Order to provide you with an additional two hundred and seventy (270) days to complete the Final Closure Plan and CEQA review process required as a stipulation of the enforcement order. As of October 29, 2008, the final deadline of Amended Notice and Order EA-2007-01, the Imperial County Department of Public Works has failed to obtain the necessary approvals to initiate closure at the Brawley Solid Waste Site.

As your agency has failed to meet the stipulated compliance schedule that the LEA has established in order to fully resolve the compliance issues that have placed the facility on the *State Inventory of Solid Waste Facilities Which Violate Minimum Standards*, the LEA is issuing to you the attached Notice and Order pursuant to Section 44106 of the Public

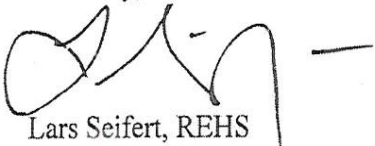

Resources Code. Incorporated within the attached Notice and Order EA-2008-04 is a **Notice of Intent to Revoke** the Solid Waste Facility Permit for the Brawley Solid Waste Site. If a request has not been filed by the operator within 15 days of receipt of this Notice and Order to have the enforcement action reviewed before an independent Hearing Panel, this order shall be deemed final and the Solid Waste Facility Permit for the site will be revoked.

The LEA has also directed you in the attached Notice and Order to *immediately* initiate the closure of the landfill in accordance with Title 27 of the California Code of Regulations upon approval of a Final Closure Plan by the LEA, Regional Water Quality Control Board, and the California Integrated Waste Management Board. The final closure of the Brawley Solid Waste Site must be certified as being complete by October 29, 2009. Additionally, the Notice and Order directs your agency to submit a work plan and obtain the necessary approvals to complete the grading and remediation of the illegally disposed waste along the South Slope prior to May 19, 2009.

Failure to comply with the attached enforcement order will result in the LEA seeking injunctive relief to enforce the attached order and/or seeking civil penalties pursuant to the Public Resources Code.

If you have any questions, please do not hesitate to contact me at (760) 336-8530.

Sincerely,

Lars Seifert, REHS
Local Enforcement Agency

PLEASE TAKE NOTICE:

On February 16, 2007, the Local Enforcement Agency (LEA) issued Notice and Order EA-2007-01 to the Imperial County Department of Public Works to suspend the Solid Waste Facility Permit at the Brawley Solid Waste Site for failure to correct a violation of 27 CCR 20700 – Intermediate Cover at the site prior to the stipulated deadline of Notice and Order EA-2006-03. An inspection conducted by the LEA on January 23, 2008 confirmed that the operator has corrected the violation of state minimum standards for intermediate cover at the site to comply with Notice and Order EA-2007-01. However, pursuant to 27 CCR 21780(c)(3), the operator was further directed to submit an approved Final Closure and Postclosure Maintenance Plan on or before February 2, 2008. Notice and Order EA-2007-01 was amended by the LEA on February 8, 2008 to provide a requested two hundred and seventy (270) day extension to complete the Final Closure Plan and CEQA review process for the proposed closure of the site. The operator was directed by Amended Notice and Order EA-2007-01 to submit an approved Final

1 Closure and Postclosure Maintenance Plan on or before October 29, 2008. The operator has failed to
2 comply with this stipulated deadline.

3 Furthermore, on October 20, 2008, notification was sent to the Department of Public Works by
4 the California Integrated Waste Management Board, via certified mail, that the Brawley Solid Waste Site
5 has also been listed in the Inventory of Solid Waste Facilities that Violate State Minimum Standards
6 (Inventory) pursuant to Section 44104 of the Public Resources Code (PRC) for failure to comply with the
7 requirements of Title 27 CCR 20830 – Litter Control at the site.

8 Pursuant to Section 44106(b) and 44306 of the Public Resources Code, the LEA has the authority
9 to revoke the operating permit of the solid waste facility if violations of the state minimum standards are
10 not remedied by the dates stipulated by the LEA through an enforcement order. Additionally, the LEA
11 has the authority to order a compliance schedule to ensure progress will be made to bring the facility into
12 compliance.

13
14 **WHEREAS**, the Brawley Solid Waste Site (Solid Waste Facility Number: 13-AA-0008) is a
15 permitted solid waste facility located at 4700 Brawley Dump Road, Brawley, California (Assessor Parcel
16 Numbers: 046-030-004, 046-030-005, and 046-030-012);

17 **WHEREAS**, the Imperial County Local Enforcement Agency has the authority to act in the
18 capacity of an enforcement agency (EA) for this facility pursuant to Public Resources Code Section
19 43200 et seq., and is so acting; and

20 **WHEREAS**, the Imperial County Department of Public Works has demonstrated a recurring
21 pattern of noncompliance with final orders issued by the LEA pursuant to Title 27 of the California Code
22 of Regulations Sections, Chapter 3 (State Minimum Standards) and the Solid Waste Facility Permit; and

23 **WHEREAS**, the Imperial County Department of Public Works has failed to submit an approved
24 Final Closure and Postclosure Maintenance Plan and initiate closure activities at the Brawley Solid Waste
25 Site as directed in Amended Notice and Order EA-2007-01.

26
27 **THEREFORE, YOU ARE HEREBY GIVEN NOTICE:**

28 **PURSUANT TO PRC SECTION 44106 and 44306**, the Solid Waste Facility Permit for the
29 Brawley Solid Waste Site is hereby **REVOKED** by the Local Enforcement Agency.

1 **YOU ARE HEREBY ORDERED TO DO THE FOLLOWING:**

- 2 1. Maintain the cessation of operations at the Brawley Solid Waste Site;
- 3 2. Submit a work plan and obtain the necessary approvals to complete the remediation of
- 4 illegally disposed wastes along the southern property boundary prior to May 19, 2009;
- 5 3. Submit an approved Final Closure and Postclosure Maintenance Plan on or before May
- 6 19, 2009;
- 7 4. Initiate closure activities *immediately* upon approval of the Final Closure Plan; and
- 8 5. Submit the final certification of closure and CQA report for the Brawley Solid Waste
- 9 Site prior to October 29, 2009.

10

11 **FURTHER NOTICE:**

12 **PURSUANT TO PRC SECTIONS 45011, 45014, AND 45023,** if the above actions are not

13 completed or complied with by the specified dates, the Local Enforcement Agency may:

- 14 1. Petition the superior court for injunctive relief to enforce this Notice and Order [PRC
- 15 Section 45014].
- 16 2. Petition the superior court for civil penalties in an amount not to exceed \$10,000 per day
- 17 for each violation [PRC Section 45023 and 45024]
- 18 3. Impose administrative civil penalties in an amount not to exceed \$5,000 per day for each
- 19 day that the facility fails to achieve compliance with the time frames specified above
- 20 [PRC Section 45011]

21

22 In the event that the time frames for completion of the above-specified activities cannot be adhered to

23 due to adverse weather or other factors not in the control of the operator, the LEA may extend the time

24 frames based upon those specific factors provided by the operator in writing. Any such extension to the time

25 frames or other amendment to this Notice and Order shall be in the form of an Amended Notice and Order.

26 Failure to remedy the aforementioned violation(s) by the required date(s) may result in the LEA

27 requesting CIWMB to expend available funds to perform any cleanup, abatement, or remedial work

28 required under the circumstances set forth in PRC section 45000 which, in the judgment of the CIWMB,

29 is required by the magnitude of endeavor or the need for prompt action to protect public health and safety

1 or the environment. If the CIWMB or LEA expends funds to perform any cleanup, abatement, or
2 remedial work, the CIWMB or LEA may seek cost reimbursement from the operator or owner pursuant to
3 PRC section 45000(d).

4 Nothing in this Notice and Order shall constitute or be construed as a satisfaction or release from
5 liability for any conditions or claims arising as a result of past, current, or future operations.
6 Notwithstanding compliance with the terms of this Notice and Order, the owner and operator may be
7 required to take further actions as necessary to protect the public health, safety, or the environment.

8 The LEA shall not be liable for injuries or damages to persons or property resulting from acts or
9 omissions by the owner or operator or related parties in carrying out activities pursuant to this Notice and
10 Order, nor shall the LEA be held as a party to any contract entered into by the owner or operator or their
11 agent(s) in carrying out activities pursuant to this Notice and Order.

12 This Notice and Order is supported by the accompanying declaration of Lars Seifert.

13 This Notice and Order does not relieve the owner or operator from complying with all other local,
14 state, and federal requirements, nor does it preclude the LEA or the CIWMB from taking any and all other
15 actions allowed by law.

16 This Notice and Order may only be amended in writing by an appropriate representative of the
17 LEA.

18 **PLEASE TAKE NOTICE THAT:**

19 Pursuant to Title 14 CCR Section 18304(b)(8), the person or entity named in this Notice and
20 Order has the right to appeal this Notice and Order to the Hearing Panel [PRC Section 44307]. A request
21 for a hearing before the Hearing Panel must be filed within 15 days from the date of receipt of this Notice
22 and Order [PRC Section 44310].

23 This Notice and Order is issued as of the date set forth below.
